

10 kV Communication Optical Cable Model

Overview

NA2XSH 6/10 (12)kV Cable Technical Datasheet | Eland Cables This cable meets the requirements of the RoHS Directive 2015/65/EU and Reach Directive EC 1907/2.

Key Takeaways

10kV communication optical cables are available from manufacturers like Prysmian, Eland, and Tratos, with models including RFOU 10kV, XLPE-insulated copper or aluminium cores, and options for waterblocking and flame retardancy. Key Models and Types

- RFOU 6/10(12) kV – Prysmian's medium-voltage cable suitable for fixed installations in both safe and hazardous areas, resistant to oil and mud, flame-retardant, halogen-free, with cores identified by color-coded threads over metallic screens for communication and power applications .
- Eland 10kV Cables – Single-core and three-core copper or aluminium conductor cables with XLPE insulation and PVC, LSZH, or PE sheathing. Optional longitudinal or radial waterblocking is available. These cables are designed for medium-voltage power distribution and can support communication optical fibers integrated within the cable structure .

- Tratos 10kV Cables – Standard and bespoke medium-voltage cables compliant with IEC 60502-2, suitable for distribution networks, substations, and industrial installations. These cables can include optical fibers for communication purposes and are available with various insulation and sheathing materials .

Features to Consider

- Insulation and Sheathing: XLPE insulation with PVC, LSZH, or PE oversheath for mechanical and environmental protection.
- Waterblocking: Longitudinal or radial waterblocking to prevent moisture ingress.
- Conductor Material: Copper for indoor or space-limited installations; aluminium for outdoor or larger networks.
- Screening: Copper wire or tape screens to contain electric fields, reduce EMC issues, and provide grounding paths.
- Standards Compliance: IEC 60502-2 for medium-voltage cables, with additional national standards as applicable.

Accessing Full Model Lists

For a complete catalogue of 10kV communication optical cables, consult the manufacturers' downloadable catalogues:

- Prysmian: Prysmian Cable Catalogue and Products
- Eland Cables: 10kV Cable Range
- Keystone Cable: Download Catalogue These catalogues provide detailed specifications, model numbers, and options for medium-voltage cables with integrated optical communication capabilities.
