

A major manufacturer of galvanized cable trays in South Africa

Overview

Cable Trays Explore the reliable and efficient Baobab Metal Systems Cable Trays – designed for seamless cable organization in industrial, Cable Management.

Key Takeaways

SAAR Industries, Advanced Strut, Baobab Metal Systems, and Wire Products are leading manufacturers of galvanized cable trays in South Africa.

SAAR Industries

SAAR Industries is a prominent manufacturer and exporter of industrial cable trays in South Africa. They produce a wide range of cable trays including ladder-type, perforated, wire mesh, and solid-bottom trays, all constructed to international standards. Their products are made from galvanized steel, stainless steel, aluminum, and powder-coated steel, ensuring durability and corrosion resistance. SAAR Industries serves manufacturing plants, power plants, commercial buildings, and infrastructure projects, offering customized designs, ISO 9001:2015 certification, and quick delivery .

Advanced Strut

Advanced Strut specializes in metal cable trays and ladders with finishes including pre-galvanized and hot-dip galvanized steel, as well as 304 and 316 stainless steel for corrosive environments. Their galvanized trays are suitable for medium to heavy-duty applications, providing enhanced durability and corrosion resistance. They offer perforated, wire mesh, and ladder-style trays for industrial and commercial installations .

Baobab Metal Systems

Baobab Metal Systems manufactures premium galvanized steel cable trays, along with aluminum and stainless steel options. Their trays include perforated and solid-bottom designs, offering excellent load-bearing capacity, corrosion protection, and flexible routing. They are ideal for medium to high-volume power, instrumentation, and fiber optic cable management, fully compliant with SANS standards .

Wire Products

Wire Products, based in Johannesburg, produces engineered wire-mesh and return-flange cable trays in electro-galvanized, pre-galvanized, and powder-coated finishes. With over 65 years of expertise, they provide customized, high-quality cable management solutions for industrial and commercial projects across South Africa and Africa. Their in-house manufacturing capabilities include advanced machinery and robotic welding for consistent quality .

Summary

For galvanized cable trays in South Africa, these manufacturers offer reliable, durable, and customizable solutions:

- SAAR Industries – ISO-certified, wide range of tray types, international standards.
- Advanced Strut – Pre-galvanized and hot-dip galvanized options, heavy-duty applications.
- Baobab Metal Systems – Premium galvanized steel, SANS-compliant, high load capacity.
- Wire Products – Custom wire-mesh trays, electro-galv and pre-galv finishes, advanced production.

These companies are well-suited for industrial, commercial, and infrastructure projects requiring high-quality galvanized cable trays.
