

Bahrain AC distribution box manufacturer

Overview

Bahrain AC distribution box manufacturer Bahrain AC distribution box manufacturer D K Karani offers top HVAC & electromechanical solutions in Bahrain, spec.

Key Takeaways

Grilletech and Awal Gulf are leading manufacturers of HVAC air distribution products, including AC distribution boxes, in Bahrain. Key Manufacturers

Grilletech Founded in 2012, Grilletech is a prominent HVAC air distribution and inline accessories manufacturer in Bahrain. They design and produce AC distribution boxes and other air handling components in compliance with international standards such as ASHRAE, AMCA, SMACNA, and DW144. Grilletech emphasizes quality control at every stage of production and offers customized solutions for commercial and industrial HVAC projects . Their products are widely used in projects requiring reliable air distribution systems. Awal Gulf Manufacturing Established in 1970, Awal Gulf is one of the largest HVACR manufacturers in the Middle East and Africa region. They produce a range of air conditioning and air distribution products under in-house brands like PEARL®, MARSHAL®, UNIVERSAL AIR®, and AQUA CHILL®. Awal Gulf specializes in customized designs for commercial and industrial applications, ensuring high-quality performance and energy efficiency . Their products are distributed across Bahrain and over 40 countries, making them a trusted supplier for large-scale projects. Green Star Sentral Air Conditioning W.L.L Founded in 2010, Green Star provides comprehensive HVAC solutions, including air handling units, fan coil units, and integrated control systems. They manufacture and retrofit AC distribution components for commercial, industrial, and municipal facilities. Green Star also offers technical support, testing, and commissioning services, ensuring that their air distribution products meet professional engineering standards .

Additional Options

While the above companies are manufacturers, other firms like Yateem Air Conditioning Co. W.L.L focus on contracting and installation services, and Airmech W.L.L primarily distributes AC systems and accessories, including TRANE products . These companies can be useful if you require installation support or specific branded components.

Summary

For sourcing AC distribution boxes in Bahrain, Grilletech and Awal Gulf are the primary manufacturers offering high-quality, standards-compliant products. Green Star provides additional options for integrated systems and retrofitting. Depending on your project requirements, you may also consider distributors like Airmech for specific brands or installation services.
