

Canadian Aluminum Alloy Cable Tray Companies

Overview

Unitray Cable Tray Systems, Support, Cable Management, Ladder TrayUnitray is one of the leading manufacturers and suppliers of aluminum cable tray. We manu.

Key Takeaways

Top Canadian manufacturers of aluminum cable trays include Unitray, Superior Tray, Zip Tray, and Code Electric, offering CSA-approved, durable, and customizable solutions. Leading Manufacturers

Unitray is a prominent Canadian manufacturer specializing in aluminum cable trays. They produce CSA-approved Class C, D, and E trays and fittings in standard lengths of 3m, 5m, and 6m. Their products include ladder, perforated, and solid bottom trays, designed for high durability and long-term performance. Unitray emphasizes quality, safety, and ISO-certified manufacturing processes, making them suitable for industrial, mining, and energy projects across Canada (Unitray) . Superior Tray offers a wide range of cable management solutions, including aluminum trays. They provide both standard and custom systems, such as ladder, solid bottom, and perforated trays, catering to commercial, industrial, and telecommunications applications. Superior Tray focuses on durability, flexibility, and compliance with safety standards, ensuring reliable performance in diverse environments (Superior Tray) . Zip Tray specializes in lightweight aluminum cable tray systems designed for fast and easy installation. Their trays are engineered to reduce installation time without compromising strength, making them ideal for projects requiring rapid deployment and minimal on-site labor (Zip Tray) . Code Electric manufactures aluminum and steel ladder trays, wire mesh/basket trays, and instrumentation channels. They are known for fast delivery in Western Canada and provide solutions for industrial, commercial, and marine applications. Their aluminum trays are designed to industrial standards, ensuring efficient cable distribution and protection (Code Electric) .

Additional Considerations

When selecting a Canadian aluminum cable tray supplier, consider:

- **Certifications:** CSA approval, ISO compliance, and adherence to safety standards.
- **Tray Types:** Ladder, perforated, solid bottom, and wire mesh options.
- **Customization:** Ability to provide project-specific lengths, configurations, and fittings.
- **Regional Availability:** Some companies, like Code Electric, offer rapid delivery in specific regions such as Western Canada.
- **Project Requirements:** Load capacity, environmental suitability, and installation speed. These companies represent the leading options for high-quality aluminum cable trays in Canada, suitable for industrial, commercial, and specialized applications .
