

## Direct Sales from US Polymer Cable Tray Manufacturer

### Overview

Custom manufacturer of cable tray systems made from glass or fiberglass reinforced plastic materials.

### Key Takeaways

US-based manufacturers like US Tray, Atkore, and PUPCO offer polymer cable trays directly to customers, including custom FRP and plastic solutions. Leading US Manufacturers

US Tray (Atkore brand) specializes in made-to-order cable trays built to NEMA standards and UL certified. They offer polymer and fiberglass reinforced plastic (FRP) trays, including ladder, perforated, and wire basket designs. Their products are designed for industrial, construction, and utility applications, with emphasis on durability, airflow, and corrosion resistance. US Tray provides custom sizing, tray covers, and accessories, along with logistics and installation support . PUPCO exclusively distributes US Tray cable tray solutions, focusing on aluminum and FRP materials. They provide a wide range of sizes and classes for ladder cable trays, with just-in-time delivery options. Their FRP trays are lightweight, corrosion-resistant, and suitable for harsh environments . Other notable US manufacturers include MP Husky, Snake Tray, Chalfant Manufacturing, and Creative Composites Group, many of which offer polymer or composite cable trays for industrial, electronics, and construction sectors .

#### Product Features and Customization

- Materials: Polyvinyl chloride (PVC), polyethylene terephthalate glycol (PETG), and fiberglass reinforced plastic (FRP) for polymer trays .
- Designs: Ladder, perforated, wire mesh, and inter-tray fiber routing trays.
- Customization: Rung spacing, load depth, tray length, and protective coatings.
- Certifications: NEMA standards compliance, UL certification, and Buy America/Buy American compliance for federal projects .
- Applications: Electrical, telecommunications, industrial, marine, and construction projects.

#### Direct Sales and Support

Most US manufacturers provide direct sales to contractors, distributors, and end-users, offering engineering support, prototype development, and installation guidance. Direct purchasing ensures customization, quality assurance, and compliance with US standards. Companies like US Tray and PUPCO also provide after-sales support and logistics management, making them suitable for large-scale or specialized projects . For direct inquiries, visiting the manufacturers' websites or contacting their sales teams is recommended to request quotes, discuss custom polymer tray requirements, and arrange delivery.
