

Dubai galvanized cable tray prices

Overview

Cable Tray Supplier in Dubai It offers cables a secure and organized path, assisting in maintaining adequate cable routing, support, and protection. Galvan.

Key Takeaways

Galvanized cable trays in Dubai vary in price depending on type, size, and coating, with suppliers offering hot-dip, pre-galvanized, and GI options. Types of Galvanized Cable Trays

- Hot-Dip Galvanized Cable Trays – Fabricated from mild steel and coated after manufacturing, providing superior corrosion resistance, ideal for outdoor and industrial environments (Emerald Steel Industries LLC, Ruwais Steel) .
- Pre-Galvanized (GI) Cable Trays – Galvanized before fabrication, offering cost-effective protection against moisture and environmental elements, suitable for indoor or less corrosive settings (Gooxoom, Trans Light Electricals) .
- Powder-Coated or Stainless Steel Options – While not strictly galvanized, these alternatives provide additional durability and aesthetic finishes for specialized applications (Emerald Steel Industries LLC, Bonn Group) .

Factors Affecting Price

- Material Thickness and Load Capacity – Heavier gauge steel and higher load-bearing trays cost more.
- Tray Width and Length – Larger trays or custom sizes increase pricing.

- Environmental Protection – Hot-dip galvanization is more expensive than pre-galvanized due to enhanced corrosion resistance.
 - Accessories – Bends, junctions, reducers, and fittings add to the total cost (Bonn Group) .
 - Supplier and Delivery – Prices vary by manufacturer, order volume, and delivery location within Dubai or the UAE (Trans Light Electricals, Ruwais Steel) .
- Leading Suppliers in Dubai
- Emerald Steel Industries LLC – Offers hot-dip, powder-coated, and stainless steel trays with a focus on industrial durability .
 - Gooxoom – Specializes in GI cable trays for commercial and residential projects .
 - Trans Light Electricals – Provides a wide range of galvanized and pre-galvanized trays with fast delivery across the UAE .
 - Ruwais Steel – Manufacturer and supplier of industrial-grade cable trays, including HDG and GI options, with ISO-certified quality .
 - Bonn Group – Offers ladder and perforated galvanized trays with full accessory sets for flexible installation .

How to Obtain Prices

Since prices fluctuate based on specifications, volume, and supplier, the most reliable approach is to request a quote directly from suppliers. Most companies provide online inquiry forms or contact numbers for detailed pricing based on your project requirements. For example, Gooxoom and Trans Light Electricals allow you to select tray type, size, and quantity to receive a tailored quote . By comparing multiple suppliers and specifying your project needs, you can secure the most cost-effective and durable galvanized cable tray solution for Dubai.
