

Fiber Optic Industrial Ethernet Switch

Overview

Industrial Ethernet Switches | Phoenix ContactOur Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 6185.

Key Takeaways

Industrial Ethernet switches with fiber-optic ports provide reliable, long-distance, and interference-resistant network connectivity for harsh industrial environments.

Overview
Industrial Ethernet switches with fiber-optic support are designed to maintain stable communication in environments with high electromagnetic interference, extreme temperatures, or mechanical stress. They are available in managed and unmanaged models, supporting Fast Ethernet, Gigabit, and 10G speeds, and can include hybrid copper-fiber configurations for flexible network design .

Key Features

- Fiber Types: Single-mode, multimode, Plastic Optical Fiber (POF), and Hard/Polymer Clad Silica (HCS/PCF) for diverse applications .
- Connectors: LC, SC, ST, FC, SMA, E-2000, and BiDi options for compatibility with various fiber networks .
- Port Configurations: Options range from a few fiber ports (2-4) to high-density switches with 16-24 fiber or combo ports .
- Ruggedization: IP40-IP67 enclosures, DIN rail or 19" rack mounting, and operation in temperatures from -40°C to +85°C .

- Redundancy & Reliability: Many switches support dual power inputs, ring redundancy protocols (MW-Ring, STP/RSTP), and fast recovery times (

Industrial Ethernet Switches | Phoenix Contact

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification,

Industrial Network Switches | Industrial Ethernet Switches

Industrial fiber switches are the intermediate devices that enable the conversion between Ethernet networking devices and either

6-Port Fiber Optic Industrial Ethernet Switch

The TC3715 10/100 6-Port Ethernet Switch is a low cost, flexible bandwidth solution for high traffic industrial and

Fiber Optic Network Switches | Ethernet to Fiber Switches

Our fiber Ethernet switches are available in managed and unmanaged configurations, with options for commercial, industrial,

Managed Network Switches | Industrial Managed Switches

Managed Fiber Optic Switches for Flexible Network Design Fiber optic connectivity allows managed switches to connect network

Industrial Ethernet Switches with Fiber Ports

Industrial Ethernet Switches with up to 5 Fiber Uplink Ports Industrial-grade Ethernet Switches are specifically designed to connect

Industrial Ethernet Switches | AutomationDirect

Unmanaged industrial Ethernet switches provide low-cost network connections with options supporting 10/100/1000BaseT, PoE++

Industrial Ethernet Switches

Modernize your operations with Cisco Industrial Ethernet switches: Increase productivity, boost security, and empower industrial AI.

Industrial Ethernet Switches | RLH Industries, Inc.

RLH Industrial Switches deliver reliable, high-speed network performance for a wide range of utility, security, and automation

Industrial Rack Mount Switches | RLH Industries, Inc.

4+8+16 Ethernet Fiber Switch The Industrial 4+8+16 Managed Rack Mount Fiber Switch has a built-in web interface and supports

Estink SFP Ethernet Fiber Optic Switch, 1000m Ethernet Fiber Optic ...

Product description SFP Ethernet Fiber Optic Switch, 1000m Ethernet Fiber Optic Transceiver, 4 Optical Ports 2

Ethernet Switches

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened

AMG Industrial Ethernet PoE Media Converters

AMG's Media Converters provide 100Mb, 1Gb or 10Gb Ethernet uplinks over fibre via the SFP port (s) with optional 30W or 60/90W

4+1 Unmanaged 10/100 Fixed Fiber Flex PoE+ Industrial Switch | RLH ...

Industrial Ethernet 4+1 unmanaged 10/100 PoE+ (30 watts) switch featuring 4 x 10/100 Mbps RJ45 ports and 1 x fixed fiber port,

Fiber Switches

Ethernet Switches with fiber uplink ports or all fiber switches, commercial grade, managed and unmanaged and PoE enabled are all

Industrial Ethernet Switches

Built for diverse industrial applications, these switches feature all-gigabit, high-density, all-copper or mixed
