Organizing a Panel Box

Once all the cable sheathing has been stripped, you can loosely group like-wire groups—grounds, neutrals, and hots—in advance of terminating them (attaching wires to lugs) inside the panel. As is

12 Tips for Easier Home Electrical Wiring

First, gather all the bare ground wires along with a long pigtail and connect them. Fold them into the back of the box, leaving the pigtail extended. Next, do the same for the neutral wires. If
