

Junction Box and Clamp Price

Overview

Shop clamp type cable connectors for secure wire protection. Find zinc alloy options for junction boxes and electrical projects.

Key Takeaways

Junction boxes typically range from \$10 to \$450 depending on size, material, and weatherproofing, while clamps generally cost between \$1 and \$10 each. Junction Box Pricing

- Indoor Plastic Boxes: \$10–\$60, lightweight and suitable for basic indoor wiring projects .
- Metal Boxes: \$20–\$150, stronger and more durable, ideal for workshops, garages, or areas requiring impact resistance .
- Weatherproof/Outdoor Boxes: \$70–\$450, designed to withstand rain, UV exposure, and dust, often rated NEMA 4X or IP66/IP67 .
- Factors Affecting Price: Material quality, size (small 4"x4" boxes under \$20, larger 12"x12" boxes \$100+), brand, and additional features like hinged covers or gaskets .
- Installation Costs: Professional installation can add \$100–\$300 depending on complexity and location .

Clamp Pricing

- Standard Electrical Clamps: Typically \$1–\$10 each, depending on size, material, and type (plastic, metal, or insulated), .

- Purpose: Clamps secure cables inside junction boxes, organize wiring, and ensure safe electrical connections .

Tips to Reduce Costs

- Bundle Installations: Installing multiple boxes at once can reduce labor costs .
- Choose Plastic When Possible: For simple indoor projects, plastic boxes are cost-effective and code-compliant .
- Avoid Over-Specifying: Only purchase weatherproof or industrial-rated boxes if necessary .
- DIY for Simple Projects: Buying parts yourself can save money, but permits and inspections may still apply . For purchasing, online retailers like Amazon and Home Depot offer a wide range of junction boxes and clamps with varying prices and shipping options .
