

Multi-channel meter distribution box

Overview

The energy meters of the latest generation from the leading manufacturers fit perfectly into the MULTIBOX housing.

Key Takeaways

This multi-meter distribution box is designed for housing multiple electricity meters. It features a robust metal enclosure with individual meter compartments, viewing windows, a secure locking mechanism and is suitable for indoor or outdoor installation. Due to the flexible design, this means that the energy distributors have the power supply and energy metering centrally at a glance at the point of entry into the building. The flush-mounted version is mounted on the formwork in a few easy steps. Robust electrical meter boxes engineered for utility metering, sub-metering, and revenue-grade installations — available in stainless steel, mild steel, and fiberglass with NEMA 4X and IP66 ratings as standard options. When ordered as a meter option the.
