Suppliers and Distributors

- IT Warehouse: Supplies a wide range of fiber optic equipment including OLTs, ONUs, SFP modules, fiber cables, connectors, and splicing tools. Trusted for ISPs and enterprise networks in the Philippines .

- Local e-commerce platforms: Lazada and Shopee offer multiple 10G AOC options with varying lengths and brands, often with free shipping and installment payment options .

- Specialty stores: Bermorzone and Ronisys provide branded 10G AOCs with nationwide delivery and support for enterprise-grade networking.

Key Considerations

- Compatibility: Ensure the AOC is compatible with your network switches or devices (SFP+ ports).

- Length: Choose cable length based on rack or data center layout; longer cables may slightly increase latency.

- Brand and Warranty: Opt for reputable brands like Sopto or Ruijie for reliability and support.

- Pricing: Prices vary depending on length and brand; some platforms offer installment plans starting as low as ₱476 per month . 10G Active Optical Cables in the Philippines provide a reliable solution for high-speed networking, data centers, and enterprise environments, with multiple suppliers and convenient online purchasing options.
