

Power Distribution Box ws

Overview

Power Distribution Boxes in Stock Uline stocks a wide selection of Power Distribution Boxes. Order by 6 p.m. for same day shipping. Huge Amazon.com: Power.

Key Takeaways

The WS Series power distribution box is a compact, surface-mounted mini consumer unit designed for safe and organized indoor electrical distribution. Overview

The WS Series distribution box is a surface-mounted, compact unit ideal for indoor circuits in apartments, shops, and instrument panels. It features a rigid enclosure with a viewing window and a factory-fitted DIN rail, allowing quick installation of MCBs, RCDs, or RCBOs. Its IP30 rating ensures protection for indoor use, while CE and RoHS compliance guarantees safety and environmental standards are met .

Key Features

- **Housing:** Durable enclosure with smooth edges and reinforced mounting points for secure installation .
- **Viewing Window:** Clear slot for quick breaker status checks without opening the cover .
- **DIN Rail:** Pre-installed rail compatible with standard miniature protection devices .
- **Ingress Protection:** IP30, suitable for indoor environments such as corridors, meter cupboards, and control corners .

- Cable Management: Knock-out entries simplify wiring; once fitted with glands or bushings, the interior remains organized and protected from accidental contact .
- Maintenance: Hinge and latch design allows frequent inspection without damaging the cover or finish .

Applications

- Residential: Apartment lighting circuits, socket groups, and small machinery circuits .
- Commercial: Shops and retail lighting spurs where compact distribution is preferred .
- Instrumentation: Control corners and panels requiring neat, organized wiring .

Variants and Accessories

For larger or more versatile setups, the WMS Series offers IP50-rated boxes with ABS enclosures, smoked PC doors, brass neutral/earth bars, and multi-row options ranging from 2-36 ways, suitable for light-duty control panels . The WS Series is designed to maximize space efficiency, maintain safe access, and provide a tidy, professional appearance for indoor electrical installations.
