

Price of Italian Mesh Cable Trays

Overview

Our wire mesh trays for cable trunking are very light, practical and well-ventilated. They allow cable identification by sight.

Key Takeaways

Exact prices for Italian mesh cable trays vary by manufacturer, material, size, and customization, with FEMI-CZ and Spina Group being leading suppliers. Key Suppliers and Product Types

FEMI-CZ specializes in metallic cable tray systems, including mesh trays, ladder trays, and solid-bottom trays, suitable for industrial, civil, and large-scale installations. Their mesh trays are valued for lightweight construction, cable ventilation, and ease of installation, and they offer both standard and fully customized solutions for large plants and specialized sectors like transport, energy, and oil & gas (FEMI-CZ). Pricing is available through their 2024 price list in PDF or Excel format (FEMI-CZ). Spina Group (Schiavetti Tekno) produces wire-mesh, perforated, ladder, and closed-bottom trays in stainless steel or galvanized steel. They provide custom sizes and compatibility with Unistrut systems, emphasizing strength, corrosion resistance, and long-term performance. Their mesh trays are designed for industrial plants, ensuring proper cable ventilation and electrical continuity.

Market Context

The Italian wire mesh cable tray market is growing steadily, with a projected CAGR of 9.23% from 2025 to 2032, reflecting increasing demand in data centers, IT, and industrial sectors. Indoor installations dominate the market, and the most popular width segment is 101–300 mm, which has shown the fastest growth. The market is concentrated in industrialized northern regions like Lombardy, Piedmont, and Emilia-Romagna, where infrastructure and manufacturing activity drive demand.

Factors Affecting Pricing

- **Material:** Stainless steel, galvanized steel, or aluminum affect cost and corrosion resistance.
- **Dimensions:** Width, length, and height of trays influence material usage and price.
- **Customization:** Special designs for large plants or specific sectors increase processing costs.
- **Accessories:** Brackets, supports, joints, and grounding components add to total cost.
- **Compliance:** Products meeting EN and UL standards may carry a premium.

Recommendation

For accurate processing prices, it is best to contact FEMI-CZ or Spina Group directly or download the official 2024 price list from FEMI-CZ. This ensures you receive up-to-date pricing for the specific tray type, material, and customization level required for your project.
