

Price of Trapezoidal Cable Tray Support Legs

Overview

Cable Tray Trapeze Hangers Cable Tray Hanger, Trapeze Hanging Clip Type, Carbon Steel, Pre-Galvanized. For use with: 1/4", 3/8" & 1/2" Threaded Rod, Order.

Key Takeaways

Trapezoidal cable tray support legs typically range from \$20 to \$80 per unit, depending on material, size, and supplier. Material and Size Considerations

The price of trapezoidal cable tray support legs varies significantly based on material and dimensions. Common materials include:

- **Stainless steel (A316/A4):** Offers superior corrosion resistance and durability, suitable for indoor and outdoor installations. These are generally at the higher end of the price range, around \$50–\$80 per bracket for standard sizes like 100mm width with a 500mm drop .
- **Hot-dip galvanized steel:** Provides good corrosion protection at a lower cost, typically \$20–\$50 per unit, depending on size and supplier .
- **Aluminum or powder-coated steel:** Often used for lighter loads or aesthetic applications, with prices similar to galvanized steel.

Supplier and Bulk Pricing

- UK suppliers like Direct Channel offer pre-assembled stainless steel trapeze brackets with fast delivery, and bulk or trade pricing is available upon request .

- Chinese manufacturers such as Langfang Xuming and Jiangsu Holdee provide large-scale production of galvanized or hot-dip galvanized trapezoidal supports, with prices often lower for bulk orders, though exact pricing requires direct inquiry .

Additional Factors Affecting Price

- Drop length and width: Longer drops or wider trays require more material, increasing cost.
- Pre-assembly: Pre-assembled trapeze brackets save installation time but may cost more than unassembled components.
- Shipping and import fees: International suppliers may offer lower unit prices, but shipping and customs can add to the total cost.

Recommendation

For accurate pricing, it is best to contact suppliers directly with your specifications, including tray width, drop length, material, and quantity. UK suppliers like Direct Channel can provide trade quotes, while Chinese manufacturers may offer factory pricing for bulk orders . This ensures you get the most cost-effective solution for your project.
