

Price of cable trays fences and railings

Overview

Cable Railing Cost Per Foot (2026): Full Pricing Guide Cable railing cost per linear foot ranges from \$25 for DIY cable to over \$160 for full-service stainl.

Key Takeaways

Cable railings cost between \$75 and \$260 per linear foot, with total projects ranging from \$3,750 to \$13,000 for 50 feet, while fences and cable trays vary widely depending on material and installation. Cable Railings

Cable railings are a modern, tension-based system commonly used for decks, patios, and staircases. Pricing depends on materials, post type, and installation complexity:

- Per linear foot: \$75–\$260 for professional installation, with DIY kits available for \$25–\$45 per foot if you supply posts and top rails yourself (material + labor included)
- Total project cost: \$3,750–\$13,000 for a 50-foot system, with some projects reaching \$15,000 depending on corners, stair sections, and premium materials .
- Material costs:
 - Galvanized carbon steel cable: \$0.35–\$0.45 per foot
 - Stainless steel cable: \$0.50–\$1.70 per foot, with higher-end options for coastal or harsh climates .
- Posts:
 - Aluminum: \$65–\$125 each

- Stainless steel: \$110-\$230 each
- Wood, vinyl, or composite: \$20-\$120 each .
- Additional factors: Corner inserts can increase costs by 20-30%, taller railings add \$170-\$270, and stair or fascia-mounted systems may require extra labor and reinforcement .

Fences

Fence pricing varies widely based on material, height, and installation:

- Wood fences: \$15-\$45 per linear foot for materials; \$25-\$60 per foot installed.
- Vinyl fences: \$20-\$40 per foot for materials; \$35-\$70 per foot installed.
- Chain-link fences: \$7-\$20 per foot for materials; \$10-\$30 per foot installed.
- Metal or wrought iron fences: \$20-\$50 per foot for materials; \$40-\$100 per foot installed. Factors affecting cost include height, gate inclusion, terrain, and labor rates.

Cable Trays

Cable trays are used in electrical and industrial applications to support wiring:

- Material costs:
 - Steel: \$10-\$30 per foot
 - Aluminum: \$15-\$40 per foot
 - Fiberglass or PVC: \$20-\$50 per foot
- Installation: Labor can add \$10-\$25 per foot depending on complexity, mounting height, and number of bends or supports.
- Factors affecting cost: Tray width, load capacity, number of bends, and environmental conditions (indoor vs outdoor, corrosive environments).

Summary

- Cable railings: \$75-\$260 per linear foot professionally, \$25-\$45 DIY per foot.
- Fences: \$7-\$100 per linear foot depending on material and installation.
- Cable trays: \$10-\$50 per foot for materials, plus \$10-\$25 per foot for installation. These ranges provide a realistic budget framework, but actual costs will vary based on local labor rates, material availability, and project complexity.
