

Price of non-fixed cable tray brackets

Overview

Choose from our selection of cable tray mounting brackets in a wide range of styles and sizes. Same and Next Day Delivery.

Key Takeaways

Non-fixed cable tray brackets, such as stand-off, G-hanger, and trapeze support brackets, typically range from £10 to £50 per unit depending on size, material, and load capacity.

Types of Non-Fixed Cable Tray Brackets

- **Stand-Off Brackets:** These are used to mount cable trays or baskets with a specific clearance from walls or surfaces. Sizes range from 50mm to 300mm, and materials include pre-galvanized steel, hot-dipped galvanized steel, and stainless steel, which affect durability and cost .
- **G-Hanger Support Brackets:** Designed for overhead support of cable trays, trunking, or baskets, these brackets are available in sizes such as 100mm and 150mm. They are ideal for non-fixed installations where trays need to be suspended .
- **Trapeze Support Brackets:** Pre-assembled for quick installation, these provide robust support for cable trays with various widths and drop lengths, including 100mm and 150mm widths with 500mm drops. They are suitable for flexible, non-fixed mounting .

Factors Affecting Price

- **Material:** Stainless steel (A316/A4) is more expensive than pre-galvanized or hot-dipped galvanized steel due to corrosion resistance and longevity .

- **Size and Load Capacity:** Larger brackets or those designed to support heavier cable loads cost more.
 - **Supplier and Brand:** Prices vary between suppliers like RS Components, McMaster-Carr, and Direct Channel .
 - **Quantity:** Bulk purchases often reduce the per-unit cost.
- Typical Price Range
- Small stand-off brackets: £10-£20 each
 - Medium G-hanger brackets: £15-£35 each
 - Trapeze support brackets: £25-£50 each For precise pricing, it is recommended to check supplier websites such as RS Components, Direct Channel, or McMaster-Carr, as prices fluctuate based on material, size, and availability .

Summary

Non-fixed cable tray brackets provide flexible support for cable management systems and are available in a variety of materials and sizes. While prices generally range from £10 to £50 per unit, the final cost depends on the bracket type, material, and load requirements. For large projects, contacting suppliers directly can provide bulk pricing and ensure compatibility with your cable tray system.
