

Saudi Arabia s High-Quality Mesh Cable Tray Manufacturer

Overview

The commitment towards quality and compliance with international standards is another significant contribution from market leaders.

Key Takeaways

Leading manufacturers of cable trays in Saudi Arabia include Integrated Steel Plant, MECSS, and Adhwa Al-Rawafid Electric Industries, offering mesh, ladder, perforated, and galvanized cable trays.

Key Manufacturers

1. Integrated Steel Plant (ISP) ISP provides a wide range of cable trays, including perforated, ladder, galvanized, stainless steel, and powder-coated trays suitable for industrial and commercial applications across Saudi Arabia. Their manufacturing adheres to ISO 9001:2015 standards, with rigorous testing for tensile strength, dimensional accuracy, and hardness, ensuring high-quality and durable products for harsh environments . ISP also offers custom solutions for cable management systems in factories, refineries, and infrastructure projects.

2. MECSS (Middle-East Cable Support Solutions) MECSS has over 20 years of experience in manufacturing cable trays, ladders, trunking, and other cable support solutions. They specialize in industrial-grade cable management systems and provide tailored solutions for large-scale electrical and telecommunication projects in the Middle East .

3. Adhwa Al-Rawafid Electric Industries Based in Dammam, KSA, Adhwa Al-Rawafid has been producing cable trays and accessories for 18 years. Their offerings include hot-dipped galvanized (HDG), stainless steel, aluminum, powder-coated, and epoxy-coated trays, as well as ladder and channel types. They supply fittings, accessories, and hardware to support complete cable tray installations. Adhwa is ISO 9001:2015 certified, ensuring compliance with international quality standards . Their products are suitable for construction, electrical, telecommunications, and industrial sectors.

4. Hitech Fence Hitech Fence provides heavy-duty cable tray systems designed for industrial plants, substations, warehouses, and large MEP projects. Their trays are engineered for durability, UV resistance, and extreme temperature conditions, with options including GI, hot-dip galvanized, and powder-coated finishes. They also offer full accessories and custom solutions for KSA projects .

Considerations for Choosing a Manufacturer

- Material and Coating: Stainless steel, aluminum, GI, HDG, powder-coated, or epoxy-coated depending on environmental conditions.
- Tray Type: Mesh, ladder, perforated, or channel trays based on cable load and span requirements.
- Certifications: ISO 9001:2015 ensures quality and reliability.
- Project Support: Availability of fittings, accessories, and installation guidance.
- Regional Presence: Manufacturers with pan-Saudi coverage can ensure timely delivery and support. These manufacturers provide comprehensive solutions for cable mesh trays and complete cable management systems suitable for industrial, commercial, and infrastructure projects in Saudi Arabia.
