

Sino-European Metal Mesh Cable Tray Manufacturer

Overview

As Emit Metal, we are one of the leading manufacturers of metal cable trays, ladders, and trunking systems in Turkey since 2004.

Key Takeaways

Leading Sino-European manufacturers of metal mesh cable trays include Shandong Tianhong, JLH Electric, and European companies like VALDINOX and EASYCONNECT, offering high-quality, customizable solutions for industrial and commercial projects.

Chinese Manufacturers

Shandong Tianhong Electric Power Technology Co., Ltd. is a prominent Chinese manufacturer specializing in cable tray systems, including perforated trays, cable ladders, trunking, and wire mesh trays. Founded in 2006, Tianhong provides OEM and ODM services, supports customized solutions, and serves global markets with automated production lines ensuring consistent quality and fast delivery. Their products are suitable for power plants, data centers, commercial buildings, and infrastructure projects, offering durability, corrosion resistance, and flexible installation.

Shandong TAIAN JINHENG Electric Co., Ltd. (JLH Electric), established in 2010, is another leading Chinese manufacturer of wire mesh cable trays. JLH Electric operates a 10,000-square-meter factory equipped with CNC machines, robotic welding lines, and automated production systems. They produce cable trays, ladders, perforated trays, and accessories, certified by ISO 9001:2015, ISO 14001, ISO 45001, and CE standards. JLH emphasizes innovation, high-quality manufacturing, and competitive pricing for international clients.

European Manufacturers

VALDINOX is a European specialist in wire mesh cable trays, supports, and accessories. They offer one of the largest production capacities in Europe, enabling rapid delivery and custom solutions. VALDINOX's EASYCONNECT® system integrates a unique fixing system that reduces installation time and enhances strength and safety. Their products are designed for robust cable routing in diverse industrial and commercial environments, with a focus on quality, reliability, and compliance with project-specific requirements. EASYCONNECT is another European brand known for durable stainless steel mesh cable trays. Their systems leverage the elastic properties of steel for enhanced safety and extended service life. EASYCONNECT products are widely used across Europe and are designed for fast, secure installation in demanding industrial applications.

Key Considerations

- **Customization & OEM/ODM Services:** Both Chinese and European manufacturers offer tailored solutions to meet specific project requirements.
- **Certifications & Quality Standards:** ISO certifications and CE compliance ensure product reliability and international acceptance.
- **Production Capacity & Delivery:** Chinese manufacturers like Tianhong and JLH Electric provide large-scale production and cost-effective solutions, while European manufacturers focus on high-quality, precision-engineered products with rapid delivery for local and regional projects.
- **Applications:** Suitable for industrial plants, data centers, commercial buildings, and infrastructure projects requiring durable, ventilated, and organized cable management systems. For sourcing, it is recommended to evaluate manufacturers based on product range, customization capabilities, certifications, and delivery logistics to select the best fit for your project needs.
