

Swedish Fiber Optic Connector Agent

Overview

Fiber Optic Connectors are in stock with same-day shipping at Mouser from industry leading manufacturers.

Key Takeaways

Glenair, NorthLab Photonics, and Fibersystem AB are key Swedish agents and suppliers for fiber optic connectors and related solutions. Key Companies and Agents

Glenair specializes in high-performance fiber optic connectors and optoelectronic solutions suitable for critical applications across land, sea, air, and space. Their precision-engineered contacts ensure low data loss and reliable performance over long distances, making them ideal for demanding industrial and defense environments. NorthLab Photonics operates as a European competence center for advanced fiber optic tools and technologies. They provide custom fiber optic assemblies, including fused fiber bundles, optical combiners, and mode field adapters. NorthLab also offers training, repair, and support for equipment from leading brands like 3SAE Technologies and FITEL, making them a strong partner for both R&D and production needs. Fibersystem AB focuses on secure fiber optic transmission equipment and connectors, emphasizing high-reliability solutions for real-time voice, video, and data applications. Their products are designed for defense, industrial, and high-security environments, including fiber optic converters and routers enclosed in EMC-proof housings.

Additional Resources

For broader sourcing, platforms like Volza and Trademo provide comprehensive databases of Swedish fiber optic suppliers, including direct contact information for procurement and distribution inquiries. These platforms allow users to filter suppliers by product type, shipment volume, and reliability, helping identify suitable agents for fiber optic connectors .

Summary

If you are looking for a Swedish agent for fiber optic connectors, Glenair, NorthLab Photonics, and Fibersystem AB are the most prominent options, offering both standard and custom solutions. For large-scale procurement or supplier comparison, leveraging trade intelligence platforms like Volza or Trademo can help identify additional verified suppliers and agents in Sweden .
