Key Takeaways

Several companies in Brazil sell high-quality cable trays, including Eletropoll, Brilltech Engineers, Jeetmull Jaichandlall, and Cable House. Eletropoll

Eletropoll is a leading manufacturer of cable trays in Brazil, offering a complete line of products such as cable trays, profiles, beds, accessories, fasteners, and lighting busbars. The company is ISO 9001 certified and was one of the first in Brazil to implement hot-dip galvanization, ensuring high corrosion protection and durability. Their cable trays are designed to organize and protect electrical, telephony, and data lines, facilitating inspection, maintenance, and future expansions. Eletropoll emphasizes safety, quality, and efficient installation.

Brilltech Engineers

Brilltech Engineers provides durable cable trays in various sizes and styles suitable for industrial and commercial projects . Their trays are made from premium materials such as galvanized steel, stainless steel, and fiberglass, ensuring compliance with industry standards . Brilltech also offers support in product selection, system design, and installation, making them a reliable supplier for complex electrical systems .

Jeetmull Jaichandlall

Jeetmull Jaichandlall manufactures cable trays in Brazil with a focus on high-quality finishing and customization . They offer trays in multiple sizes, shapes, and colors, tailored to meet specific industry requirements . Their manufacturing facility uses modern equipment and advanced technology to ensure durable and impact-resistant products .

Cable House

Cable House, established in 1983, is recognized for supplying cable trays along with other electrical accessories such as hose clamps, cable ties, and crimping tools . They provide customized solutions and maintain strict quality control to ensure reliable and long-lasting products . Cable House serves both national and international markets, offering support for installation and product selection . These companies provide a range of cable tray solutions suitable for industrial, commercial, and infrastructure projects in Brazil, with options for customization, high durability, and compliance with safety standards.
