

Where can I find explosion-proof electrical distribution boxes in the UAE

Overview

Explosion Proof in UAE | Ex-Proof Certified Products & Suppliers UAEBusiness listings and contact details of explosion proof equipment suppliers and dealer.

Key Takeaways

You can purchase ATEX and IECEx certified explosion-proof electrical distribution boxes in the UAE from suppliers like Jireh Energy Solutions, Prolux International, and KEA Electrical for Palazzoli products.Key Suppliers in the UAE

1. Jireh Energy Solutions LLC Jireh Energy Solutions provides a wide range of explosion-proof electrical products, including junction boxes, local control stations, switches, and isolators. Their products are certified to ATEX, IECEx, and UL standards, suitable for oil & gas, petrochemical, and other hazardous industries. They offer solutions for EPC projects and plant upgrades, ensuring compliance and safety in high-risk environments . 2. Prolux International FZC Prolux International specializes in custom-designed and assembled explosion-proof control panels and junction boxes. They supply products certified to ATEX, IECEx, NEMA 4X, and UL standards, with options for GRP, die-cast aluminum, and stainless steel enclosures. Prolux also provides custom assembly, internal component integration, and special coatings for marine, fire-rated, or high-temperature applications. They cater to industries including oil & gas, refineries, power plants, and food production facilities . 3. KEA Electrical – Palazzoli Products KEA Electrical distributes Palazzoli explosion-proof equipment, a leading international brand for hazardous area electrical systems. Their products are designed for extreme environments and certified to ATEX standards, suitable for power plants, chemical industries, oil platforms, and military bases. Palazzoli offers reliable and durable solutions for high-risk installations .

Considerations When Purchasing

- Certification: Ensure the products are certified to ATEX, IECEx, or UL depending on your project requirements.
- Customization: Many suppliers offer custom assembly and internal component integration to meet specific project needs.
- Material & Protection: Choose enclosures made from GRP, die-cast aluminum, or stainless steel with appropriate IP ratings (IP65–IP68) for environmental protection.
- Industry Compliance: Verify that the products meet the hazardous area classification (Zone 1, Zone 2, Zone 21, Zone 22) relevant to your site. For direct inquiries, you can contact these suppliers through their websites:
- Jireh Energy Solutions: jirehenergysolutions.com
- Prolux International: proluxintl.com
- KEA Electrical (Palazzoli): keaelectricals.com/palazzoli These suppliers provide both off-the-shelf and customized explosion-proof distribution boxes suitable for industrial and hazardous environments in the UAE.
